Q: AFNetworking + Facebook not logging into Facebook login ViewController I am trying to authenticate the user using Facebook, but I cannot get it to connect as a user. I am trying to figure out what I am doing wrong and what I should be checking. I am following the apple documentation and this Facebook tutorial. My issue is that once the LoginViewController returns to the ViewController from Facebook, when I do a NSLog("Connected to Facebook"); I am seeing that it returns FALSE, but I can see the alert when it returns and the user has successfully logged in to Facebook. Any suggestions? I have checked the URL and it seems the same as
